HYOSUNG

Super micro-soft touch

Micro-soft touch, bulkiness, flexibility and deep color

Excellent post-process/finishing

No loss due to de-weighting in the finishing

Micro-soft touch innovation

- M2 is a micro-fiber produced by Hyosung's own proprietary spinning technology.
- M2's fine micro filament makes m2 as soft as silk.
- It's unique combination of softness and bulkiness make it ideal for a broad range of apparel and home textile applications.
